
RIT Capital Partners plc

Notice to wealth managers and IFAs on marketing of RIT shares

RIT Capital Partners plc currently conducts its affairs so that its shares can be recommended by IFAs to retail investors in accordance with the rules of the Financial Conduct Authority (FCA) and intends to continue to do so for the foreseeable future. The shares are not subject to the FCA's restrictions on marketing because they are shares in an investment trust and as such are not a non-mainstream investment product.
