

Corporate Objective

To deliver long-term capital growth, while preserving shareholders' capital;
to invest without the constraints of a formal benchmark, but to deliver for shareholders increases in capital value in excess of the relevant indices over time.

Investment Policy

To invest in a widely diversified, international portfolio across a range of asset classes, both quoted and unquoted;
to allocate part of the portfolio to exceptional managers in order to ensure access to the best external talent available.

Financial summary

The net asset value (NAV) per share at 30 November was 1,704 pence. The year to date NAV total return was +10.4% and the share price total return was +9.3%. Over the same period, the Company's two benchmarks; RPI plus 3% and MSCI All Country World Index (50% Sterling) were up +4.6% and +15.4% respectively. The share price closed at 1,805 pence per share.

Performance	YTD	1 year	3 years	5 years	10 years
